Experience

HCSC

Full Stack Software Engineer
September 2022 - Now, Albuquerque, New Mexico

Lead refactoring of the Blue Access for Members website to a micro-frontend architecture. Taught internal class on React JS. Made infrastructure decisions that reduced the size of our FE packages by 60%. Acted as React SME for a team of 50+ developers while performing as a senior developer on a smaller team of 6 developers.

nQ Zebraworks

Full Stack Software Engineer
August 2021 - September 2022, Albuquerque, New Mexico

Maintained and improved upon on-premise applications that provide REST API access, manage configurations, user accounts, and licensing for a suite of legal software. Trained new employees to conform to coding standards and help them build familiarity with the code base.

New Mexico Administrative Offices of the District Attorneys (AODA)

Full Stack Application Developer
January 2020 - August 2021, Albuquerque, New Mexico

Redesign and rebuild NMSAVIN - a notification service for victims of crimes and the public and maintain the Case Management System used by the District Attorney offices in New Mexico.

Rodgers Plumbing and Heating

Inventory Management and Billing
January 2014 - September 2019, Albuquerque, New Mexico

Create and manage business applications in Excel using VBA, Google Sheets and Google apps script.

Education

CNM Ingenuity / Fullstack Web Development

October 2019 - December 2019, Albuquerque, New Mexico

I completed a ten week intensive full stack web development bootcamp. We were taught technical skills, organizational tools, and how to work with a team to develop web applications.

Awards

2019-2020 UNM/CNM Mobile App Contest - First Place

2022 HCSC Einstein Award

2022 HCSC Developer of the Year - Runner Up
